SUPCASE UB XT MAG MAGSAFE IPHONE 13 14 15 16E 17E BLACK

Product code: 843439157057

EAN: 843439157057

The case from the Unicorn Beetle XT MagSafe series by Supcase is one of the most durable products in our entire range.

The armor wraps around the device from the back and along its edges - made from a blend of soft thermoplastic and a hard polycarbonate shell, giving it very high durability. The case is equipped with button covers.

Additionally, the case features an opening camera cover that can easily be transformed into a functional stand, e.g., for watching movies.

The built-in ring compatible with MagSafe wireless technology ensures maximum charging efficiency and quick and easy connection with all MagSafe-enabled accessories.

The case is perfectly fitted and does not restrict wireless charging capabilities. The slightly raised form of the frame around the camera and screen protects it from scratches, lifting the phone just above the flat surface.

Supcase Unicorn Beetle XT is a case that has been tested for drop performance, 26 times from a height of up to 1.2m, thus receiving the American military certification MIL-STD 810G-516.6.

PRODUCT FEATURES:
