SPIGEN NANO POP MAGSAFE PHONE RING TRUFFLE GREY

Product code: 8809971238632-AMP09032

EAN: 8809971238632

Spigen Nano Pop MagSafe Phone Ring is an elegant magnetic holder that offers exceptional functionality and user comfort. Made from high-quality silicone and metal, it provides long-lasting durability and convenience. With built-in strong MagSafe magnets, the holder ensures stable attachment to devices compatible with this technology.

This is a product with a multifunctional design – it serves as a finger grip, providing a secure hold on the phone, and as a stand, perfect for watching media in landscape mode. The ergonomic silicone ring makes using the phone more comfortable, minimizing the risk of accidental drops.

The holder is easy to install and remove, and its stylish appearance perfectly complements modern design.
