Tech-Protect MC03 Ultrabost is a high-quality charging cable, specially designed for Samsung Galaxy Watch devices. Equipped with a magnetic connector, it allows for convenient and stable charging of the smartwatch, ensuring user comfort.

The cable is 100 cm long, providing adequate flexibility and freedom of use. Thanks to the Type-C connector, it is compatible with many modern devices, and its durable ABS casing ensures longevity and resistance to damage.

Compact dimensions make the charger extremely portable – you can easily fit it in your bag or pocket, making it an ideal companion both for everyday use and during travel. Simple operation allows you to start charging in the blink of an eye – just place the Galaxy Watch on the charging surface, and the charging process will start automatically.

Choose Tech-Protect MC03 UltraBoost and enjoy the convenience of wireless charging whenever you need it – at home, in the office, or on the go!
