The package includes installation accessories along with a positioning frame, making installation very easy and accessible to literally anyone.

How to check if the accessory fits your iPad?

It's simple, check the model number on the back of the device, which starts with the letter A:
This product fits: A2696, A2757, A2777, A3354, A3355, A3356.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the air and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can reposition it using the positioning frame from the set.
- 4) Remove air bubbles by pressing the entire surface in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.
