## TECH-PROTECT DEFENDER VR BAG LAPTOP 13-14 BLACK

Product code: 5906302362400

EAN: 5906302362400

The Tech-Protect Defender VR is a modern and functional bag designed for the safe and convenient transport of laptops and essential accessories. Ideal for work, school, or travel. It features a minimalist look, careful craftsmanship, and a high level of equipment protection.

The bag is equipped with special CornerArmor technology, which reinforces the lower corners of the main compartment, effectively protecting the device from mechanical damage – especially during accidental drops. The soft, cushioning interior additionally protects the laptop from shocks and scratches.

The functional interior consists of several compartments and pockets, allowing for organized storage of accessories such as: smartphone, mouse, power bank, cable, charger, or pens. The main compartment easily accommodates laptops with a diagonal of up to 14 inches.

On the outside, there is a front pocket with a zipper – perfect for documents or items you want to have quickly at hand. The bag features both a comfortable handle for carrying in hand and a detachable, adjustable shoulder strap, providing the freedom to carry in two ways.

\* Before purchasing, please check the dimensions of the case.
