## SZKŁO HARTOWANE ESR ULTRAFIT ARMORITE PRO TEMPERED GLASS IPHONE 17 PRO BLACK

Product code: 4894240287903

EAN: 4894240287903

The ESR UltraFit Armorite Pro tempered glass is a top-tier screen protection that combines innovative technologies with exceptional durability. Thanks to an advanced manufacturing process, the glass is extremely resistant to damage, and its impact resistance is up to 10 times greater than that of standard protective glasses, as confirmed by military protection certification.

A special anti-reflective coating makes the image clearer and more natural, providing comfortable smartphone use in any conditions. The glass also offers up to 2 times better scratch protection and effectively safeguards the screen from sharp objects, keeping its perfect appearance for longer.

The full-screen coverage protects the screen from edge to edge, and the UltraFit technology guarantees easy and hassle-free installation without air bubbles. The ESR UltraFit Armorite Pro combines maximum safety with perfect clarity and comfort for everyday use.

### **INSTALLATION INSTRUCTIONS:**

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Thoroughly clean and degrease the screen surface, then polish it to a shine with a dry cloth.
- 3) Install the cover as evenly as possible – use the positioning frame from the kit for this purpose.
- 4) Remove air bubbles by pressing down firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

### **PRODUCT FEATURES:**

- 100% Original
- Packed in original packaging
- Perfect clarity
- High-quality oleophobic layer
- Easy installation using the frame and installation kit
- Does not affect touch sensitivity
- Dimensions: 146 x 68 mm

**THE SET INCLUDES:**

- 1 x ESR UltraFit Armorite Pro Glass
- 1 x Installation kit + positioning frame
