## **TECH-PROTECT MC04 ULTRABOOST CHARGING USB CABLE 100CM GARMIN WATCH BLACK**

Product code: 5906302368891

EAN: 5906302368891

Tech-Protect MC04 UltraBoost is a high-quality charging cable with a length of 1 meter, specially designed for Garmin watches. With a USB-A connector and a precisely crafted Garmin tip, it ensures fast and safe charging.

It features a solid construction – the USB connector housing is made of stainless steel, and the core is made of flexible, damage-resistant material. The whole is complemented by a matte ABS coating that not only looks elegant but also increases resistance to scratches and dirt.

This reliable accessory is perfect for both everyday use and travel – durable, aesthetic, and always ready to go. An ideal choice for Garmin users who value quality, durability, and full compatibility.
