SZKŁO HARTOWANE TECH-PROTECT GLASS FIT+ 2-PACK GARMIN FENIX 8 8 PRO (51 MM) CLEAR

Product code: 5906302318926

EAN: 5906302318926

The Tech-Protect Glass Fit+ tempered glass is a high-quality protective accessory made from lightweight and precisely milled glass with a thickness of only 0.3mm.

The perfectly fitted design fully retains the sensitivity of the touchscreen. The manufacturer rates its hardness level at 9H on a ten-point scale, which translates to exceptional scratch resistance during everyday use.

The glass features crystal clarity, preserving the natural colors and sharpness of the display. An additional advantage is the special oleophobic coating, which effectively minimizes the accumulation of fingerprints and other contaminants on the surface of the glass, making it easier to keep clean.

* Due to the diverse milling of display edges, after installing the protective film/glass on the screen, a delicate air halo may form around the screen! This is a natural situation and depends on the milling of the screen in the given specimen.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the surface of the screen thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can position it using two small pieces, sticking them to the side of the device.
- 4) Remove air bubbles by pressing the entire surface with circular motions for several dozen seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H

- Cut to the flat part of the display
- 2.5D milled edges that feel nice to the touch
- Additional oleophobic layer
- Perfect clarity
- Does not affect touch functionality
- Dimensions: ø42 mm

SET INCLUDES:

2 x Tech-Protect Glass Fit+

2 x Installation kit
