## SZKŁO HARTOWANE TECH-PROTECT EASY SET+ 2-PACK HUAWEI WATCH GT 5 (46 MM) CLEAR

Product code: 5906302318957

EAN: 5906302318957

Tech-Protect Easy Set+ is a tempered glass screen protector made from lightweight and milled glass with a thickness of 0.3mm. The crystal-clear glass ensures image clarity, perfect color saturation reproduction, and does not interfere with touch sensitivity. Additionally, it is coated with a high-quality oleophobic layer that minimizes fingerprints and other contaminants.

The protective lens cover is made from high-quality tempered glass with a hardness of 9H. Precisely cut, it provides protection against scratches and impacts.

The set includes installation accessories along with a positioning frame, making installation very easy and accessible to literally everyone.

### INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Thoroughly clean and degrease the screen surface, then polish it to a shine with a dry cloth.
- 3) Place the installation frame with the glass on the watch screen – the glass will be perfectly centered. Remove the protective film from the top of the glass, then press the glass with your finger in the center of the screen to start the adhesion process.
- 4) Remove the installation frame. Eliminate air bubbles by firmly pressing the entire surface in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.
