FOLIA HYDROŻELOWA TECH-PROTECT HYDRO FLEX+ 2-PACK XIAOMI SMART BAND 8 9 10 NFC CLEAR

Product code: 5906302331024

EAN: 5906302331024

Tech-Protect Hydro Flex+ hydrogel film is a modern screen protection that effectively protects the display from scratches, dirt, and minor mechanical damage thanks to its flexible and self-healing surface.

It perfectly fits the shape of the screen, including curved edges, providing full coverage without affecting image quality and touch sensitivity. The ultra-thin construction guarantees high transparency and user comfort, while easy application allows for quick and hassle-free installation without air bubbles.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the film as evenly as possible using positioning stickers.
- 4) Remove air bubbles by pressing down firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible. Leave smaller bubbles and imperfections, they will absorb themselves within 24-48 hours.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Precisely made
- Provides effective protection
- Excellent transparency
- Easy to install and remove
- Dimensions: 42 x 18 mm

SET INCLUDES:

- 2 x Hofi HydroFlex Pro+ Film
- 2 x Installation kit
