## SZKŁO HARTOWANE TECH-PROTECT QUICK SET+ 2-PACK IPHONE AIR BLACK

Product code: 5906302319343

EAN: 5906302319343

The Tech-Protect Quick Set+ tempered glass is a top-quality screen protection that combines durability, convenience, and modern technology. Made from 9H hardness glass, it provides exceptional resistance to impacts and scratches. Thanks to the innovative installation system with a mounting frame, applying the glass is incredibly fast, precise, and hassle-free – with no risk of air bubbles or exposure to dust.

The crystal-clear surface guarantees excellent image quality and exceptionally smooth touch sensations. The special oleophobic coating effectively reduces fingerprints and facilitates water beading on the glass surface.

Tech-Protect Quick Set+ is the perfect solution for anyone who expects maximum protection and comfort while using their smartphone.

\* Due to the various edge milling of displays, after installing the protective film/glass on the screen, a delicate air halo may form around the screen. This is a natural situation and depends on the screen itself.

### **INSTALLATION INSTRUCTIONS:**

1. Start the installation in the bathroom right after a shower – the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
2. Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth. Make sure no dust particles remain.
3. Place the frame with the already mounted glass on the phone – it will ensure precise fitting and facilitate application.
4. Pull the starting film to begin the automatic application process of the glass onto the screen.
5. Press the glass in designated areas. Do this carefully so that the adhesive layer bonds well with the surface.
6. Remove the frame and eliminate any air bubbles - you can use the included squeegee to push out any remaining air from under the glass surface.

Done! Enjoy perfectly applied screen protection.

**PRODUCT FEATURES:**

- 100% Original
- Packed in original packaging
- Hardness 9H
- Additional oleophobic layer
- Ideal clarity
- Does not affect touch functionality
- Easy installation
- Dimensions: 152 x 71 mm

**SET INCLUDES:**

- 2 x Tech-Protect Quick Set+ Display Glass
- 2 x Installation Kit
- 2 x Positioning Frame
