RINGKE FUSION GOOGLE PIXEL 10 PRO XL CLEAR

Product code: 8800293856696

EAN: 8800293856696

Ringke Fusion is a modern, transparent case that combines aesthetics, functionality, and high protection. Made from a combination of hard, scratch-resistant polycarbonate and flexible, shock-absorbing TPU frame, the case provides effective protection against impacts and falls while showcasing the original look of the device.

Thanks to its precise fit, the Ringke Fusion does not restrict access to any ports or functions of the phone, and the cutouts around the hinge and cameras are designed with convenience and safety in mind.

Raised edges around the screen and lenses further protect against scratches when placing the device screen down. The case is lightweight, slim, and fits perfectly in hand, maintaining comfort for everyday use, while the discreet lanyard hole allows for secure carrying of the phone.

PRODUCT FEATURES:

- 100% Original
