RINGKE SILICONE MAGNETIC MAGSAFE IPHONE 17 PRO MAX PINK SAND

Product code: 8800328810426

EAN: 8800328810426

The Silicone MagSafe case from Ringke is made of soft and durable thermoplastic material, which, thanks to its thin design, makes it ultra-lightweight. The case is perfectly fitted and does not restrict wireless charging capabilities.

Silicone is equipped with a ring compatible with wireless MagSafe technology. The magnetic ring ensures maximum charging efficiency and a quick and easy connection with all MagSafe-compatible accessories.

The case does not significantly increase the size of the phone, but it makes it feel secure and stable in the hand. The slightly raised form around the camera and screen protects it from scratches, lifting the phone just above flat surfaces. It has button covers and cutouts for ports.

Ideal for users who value high-quality craftsmanship without the need to increase the volume or weight of the device.
