SPIGEN A603 UNIVERSAL WATERPROOF CASE BLACK

Product code: 8800283308068-ACS09745

EAN: 8800283308068

Spigen A603 is a versatile, waterproof case designed for full protection of smartphones and small items in high humidity conditions. With an IPX8 certification, the case provides complete waterproofing up to a depth of 30 meters, making it an ideal choice for swimming, snorkeling, kayaking, or beach outings.

The A603 model features a dual chamber – the first for the phone, the second for documents, cash, or other small items – allowing you to conveniently store everything essential in one secure place. The case is made of high-quality transparent PVC, which not only protects the device but also allows free use of the touchscreen, taking photos, or recording videos without the need to remove the phone.

The A603 also has an adjustable crossbody strap ranging from approximately 80 to 151 cm, allowing for comfortable carrying of the case on the shoulder or across the body, enhancing comfort during outdoor activities. The case is compatible with most smartphones up to 6.9 inches in length. The solid, dual Secure-Clasp closure prevents accidental opening and effectively protects the contents from water, dust, and sand.
