SPIGEN SA2402 ANC PRO IN-EAR EARPHONE WHITE

Product code: 8809971229029-ASD07964

EAN: 8809971229029

Spigen SA2402 is a modern in-ear headphone that combines advanced noise reduction technology with perfect sound quality. With active noise cancellation up to 40 dB, you can enjoy peaceful listening in any conditions, and the 10mm LCP Graphene dynamic drivers guarantee deep bass and crystal-clear highs, creating a natural and realistic sound.

The headphones offer an impressive battery life of up to 30 hours thanks to an efficient battery and a compact charging case, making them suitable for both daily activities and longer trips. Gamers will appreciate the low-latency mode, ensuring smooth and synchronized gameplay, while users seeking personalized sound experiences can take advantage of the Spigen Audio app with five ready-made profiles and a customizable equalizer.

A stable and fast connection is guaranteed by Bluetooth 5.2, which makes pairing seamless, and music and calls always remain at the highest level. Spigen SA-TW S10 ANC is the perfect choice for those who value comfort, modern features, and top sound quality in a compact form.

*Before pairing, remove the protective cover from the headphones.
