SPIGEN TOUGH ARMOR MAG MAGSAFE GALAXY S25 FE BLACK

Product code: 8800283311617-ACS10029

EAN: 8800283311617

The Tough Armor Mag case from Spigen is an enhanced version of its predecessor. The case is equipped with a magnetic ring compatible with the mounting system and MagSafe wireless charging, providing quick and easy use of Apple technology.

Its two-part construction is made of abrasion-resistant thermoplastic material and a reinforcing polycarbonate frame. Inside the case, there is a filling made of technology foam that provides an additional layer of protection against impacts or falls of the device.

The case is perfectly fitted and does not restrict wireless charging capabilities. The slightly raised form of the case around the camera and screen protects it from scratches, lifting the phone just above a flat surface. It has button covers and cutouts for ports.

Tough Armor, is a case that has been tested for drop performance, 26 times from a height of up to 1.2m, thus receiving the American military certification MIL-STD 810G-516.6.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Minimalist design
- Ergonomic
- Equipped with a MagSafe magnetic ring
- Slim shape
- Two-part construction
- Extra foam as additional protection
