## TECH-PROTECT ULTRABOOST LIGHTNING EARPHONE CORE G2 WHITE

Product code: 5906302332342

EAN: 5906302332342

The Tech-Protect Ultraboosts Core G2 headphones are designed for Apple device users who value comfort, functionality, and high sound quality. Made from solid ABS and TPE materials, they guarantee durability and comfort of wear, and thanks to the Lightning connector, they provide a stable and fast connection to your iPhone or iPad without the need for additional adapters.

The wide frequency range of 20–20 kHz allows you to rediscover your favorite music – strong, deep bass and clear highs create a balanced and dynamic sound. The 120 cm long cable gives you complete freedom of movement, whether you are using the headphones while traveling, working, or relaxing. The ergonomic earbuds ensure a perfect fit and comfort even during prolonged listening.

The Tech-Protect Ultraboosts Core G2 in the Lightning version is a stylish and reliable headphone designed specifically for users of the Apple ecosystem – perfect for music, movies, and calls.
