## SZKŁO HARTOWANE TECH-PROTECT GLASS FIT+ 2-PACK THERMOMIX TM7 CLEAR

Product code: 5906302363407

EAN: 5906302363407

Tech-Protect Glass Fit+ tempered glass is a high-quality protective accessory made from lightweight and precisely milled glass with a thickness of only 0.3mm.

The perfectly fitted design fully preserves the sensitivity of the touchscreen. The manufacturer rates its hardness level at 9H on a ten-point scale, which translates to exceptional scratch resistance during everyday use.

The glass features crystal-clear transparency, ensuring that natural colors and sharpness of the display are maintained. An additional advantage is the special oleophobic coating that effectively minimizes the accumulation of fingerprints and other contaminants on the glass surface, making it easier to keep clean.

\* Due to the various milling of display edges, after installing the protective film/glass on the screen, a slight air halo may appear around the screen! This is a natural situation and depends on the milling of the screen in a given unit.

### **INSTALLATION INSTRUCTIONS:**

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can position it using two strips, sticking them to the side of the device.
- 4) Remove air bubbles by pressing the entire surface in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

### **PRODUCT FEATURES:**

- 100% Original
- Packed in original packaging
- Hardness 9H
- Cut to the flat part of the display
- 2.5D milled edges that feel nice to the touch

- Additional oleophobic layer
- Ideal transparency
- Does not affect touch functionality
- Dimensions: 241 x 159 mm

**SET INCLUDES:**

- 2 x Tech-Protect Glass Fit+
- 2 x Installation kit
