SZKŁO PRYWATYZUJĄCE TECH- PROTECT GLASS SPY+ 2-PACK XIAOMI 15T 15T PRO PRIVACY

Product code: 5906302334681

EAN: 5906302334681

Tech-Protect Glass Spy+ tempered glass is an excellent solution for users who value their privacy and the security of their data. The applied privacy technology limits screen visibility for bystanders, protecting against unauthorized access, which contributes to increasing the confidentiality of our conversations and messages.

Tech-Protect Glass Spy+ also provides excellent protection for the display against scratches, impacts, and dents, ensuring that the phone remains in excellent condition for a long time. Its hardness level is rated by the manufacturer at 9H on a ten-point scale. It does not affect touch sensitivity or the saturation of displayed colors. Additionally, it is coated with a high-quality oleophobic layer, which minimizes the amount of fingerprints left behind.

It is also worth noting the incredible smoothness of touch, which positively affects the comfort of using the phone.

Moreover, the easy installation procedure makes it accessible for anyone, even those inexperienced in glass installation.

* Remember to remove and re-add fingerprints after installing the glass - if they occur.

** Due to the various edge milling of displays, a delicate air halo may form around the screen after installing any glass. This condition results from the milling of the screen in a given specimen.

See how easy it is: https://www.youtube.com/watch?v=IsYwftNECY&ab_channel=FlavourDesign

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a bath - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as you can - you can position it using two strips by sticking them to the side of the device.
- 4) Remove air bubbles by pressing the entire surface with circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Hardness 9H
- 2.5D milled edges that feel nice to the touch
- Additional oleophobic layer
- Perfect clarity
- Privacy function
- Does not affect touch functionality
- Easy installation
- Dimensions: 159.6 x 74.3 mm

SET INCLUDES:

- 2 x Tech-Protect Glass Spy+
- 2 x Installation kit
