

TECH-PROTECT C5SE ROPE CROSSBODY STRAP BABY PINK

Product code: 5906302336029

EAN: 5906302336029

The Tech-Protect C5SE CrossBody strap is an elegant and functional accessory that is perfect for everyday use.

Equipped with an adapter that we place on the inside of the case, it allows for safe and convenient carrying of the phone. Thanks to the adjustable length of the cord, we can sling the phone over our shoulder or carry it in hand, adapting the way we use it to our needs.

The C5SE can serve as a stylish phone lanyard, but it also works great as an accessory for keys or a backpack, adding a modern look to the whole.
