## ESR CYBER FLICKLOCK HALOLOCK MAGSAFE APPLE AIRPODS PRO 3 TITANIUM

Product code: 4894240289242

EAN: 4894240289242

ESR Cyber FlickLock is a professional case designed for maximum safety and user comfort. The FlickLock system uses strong magnets in the upper and lower parts of the cover and an internal latch that securely locks the earbuds inside, preventing them from accidentally falling out during a drop.

The Slide to Open mechanism allows for instant access to the earbuds — simply slide the front slider to release the magnets and the cover will automatically open, allowing for one-handed operation. The built-in MagSafe system ensures a stable connection with MagSafe chargers, making wireless charging fast and convenient. The whole package is complemented by strong 360° protection – shock-resistant material and reinforced Air Guard corners effectively protect the charging case from drops and impacts.
