OSŁONA APARATU SPIGEN OPTIK PRO XL GLAS.TR "EZ FIT" CAMERA PROTECTOR IPHONE 17 PRO ORANGE

Product code: 8800283317770-AGL10645

EAN: 8800283317770

Protect your smartphone's camera with maximum precision and elegance thanks to the Spigen Optik Pro XL "EZ Fit" Camera Protector. This high-quality cover is made from durable tempered glass and a reinforced aluminum frame, effectively shielding the lenses from scratches, dust, and mechanical damage.

With EZ Fit technology, installation is exceptionally simple and quick — the special mounting frame allows for a perfect fit of the cover to the camera module without the risk of misalignment. The slim and clear design does not affect the phone's appearance or the quality of photos, maintaining full sharpness and natural colors in photography.

Spigen Optik Pro XL is an excellent combination of minimalist design and reliable protection — the perfect solution for users who want to safeguard their phone's camera without sacrificing its stylish look.
