SPIGEN EF302MOQ ESSENTIAL 2IN1 MAGNETIC MAGSAFE WIRELESS CHARGER 25W QI2.2 BLACK

Product code: 8800283315318-ACH10399

EAN: 8800283315318

Spigen Essential EF302MOQ Qi2.2 is an innovative, compact charging station designed for maximum convenience and efficiency. The device supports the latest Qi 2.2 standard, offering fast wireless charging up to 25W for smartphones and up to 5W for wireless earbuds, such as AirPods or Pixel Buds, allowing simultaneous powering of two devices in one place.

Thanks to the magnetic MagSafe system, the charger securely holds smartphones in the ideal position, ensuring optimal connection and full charging power. Active temperature control protects devices from overheating, and built-in Overcharge Prevention and FOD (Foreign Object Detection) features ensure safety and longevity of the battery, minimizing the risk of overcharging or interference caused by the presence of metal objects.

Additionally, the charging station is equipped with a 5W USB-C port, allowing for wired charging of an additional device, which increases functionality and provides more charging options at the same time.

The 2-in-1 folding design allows for convenient charging of both a smartphone and an additional accessory simultaneously, making the EF302MOQ perfect for a desk, bedroom, or travel. Its elegant and compact design allows for discreet placement of the device anywhere.

Spigen EF302MOQ is the ideal solution for those who want to combine convenience, safety, and high performance in one elegant wireless charger with the option for additional wired charging.
