SPIGEN EB10010CC ESSENTIAL TYPE-C CABLE 100W 100CM BLACK

Product code: 8800283302936-ACA09459

EAN: 8800283302936

The Spigen Essential EB10010CC cable is a high-quality wire designed for devices with a USB-C port. It supports charging power up to 100W thanks to Power Delivery technology, making it ideal for powering smartphones, tablets, and laptops that require higher power. It enables fast data transfer at speeds of up to 5Gb/s (USB 3.2 Gen 1 standard), allowing for efficient synchronization of files, photos, or documents.

Made from durable, flexible TPE material and PVC shielding, the cable is resistant to everyday use. Thanks to Durabend technology, the cable undergoes durability tests at over 10,000 bends, ensuring a long service life. The integrated E-Marker chip ensures smart and safe charging, protecting connected devices from overload. The length of 100 cm makes it practical at home, in the office, or while traveling — perfect for everyday use.

PRODUCT FEATURES:

- 100% Original
- Packaged in original packaging
- Precisely made
- Power Delivery technology
- Fast charging function
- Durabend technology
- Features a durable construction
- Connectors with E-Marker circuitry
- Connector standard: USB-C / USB-C
- USB 3.2 Gen 1 up to 5Gb/s
- Length: 100 cm

PACKAGE INCLUDES:

1 x Spigen EB10010CC Cable
