## SPIGEN EB10020CC ESSENTIAL TYPE-C CABLE 100W 200CM WHITE

Product code: 8809971236003-ACA08775

EAN: 8809971236003

The Spigen Essential EB10020CC cable combines modern design, high-quality materials, and reliable performance. With Power Delivery charging support up to 100W, it allows for fast and safe charging of smartphones, tablets, or laptops, while the data transfer speed of up to 5Gb/s enables quick file copying and synchronization.

The length of 200 cm provides convenience for use at home, in the office, and while traveling, eliminating issues with short cables. The durable construction made of flexible TPE and reinforced PVC shielding, along with Durabend technology tested for over 10,000 bends, guarantees exceptional durability and resistance to everyday use. Sturdy plugs with E-Marker circuitry protect devices from overload and ensure safe charging.

The Spigen EB10020CC cable is a versatile and reliable solution for anyone who values speed, comfort, and durability in one product.
