## SZKŁO HARTOWANE TECH-PROTECT GLASS FIT+ 2-PACK XIAOMI POCO F8 PRO BLACK

Product code: 5906302352678

EAN: 5906302352678

Tech-Protect Glass Fit+ tempered glass is a high-quality protective accessory made of lightweight and precisely milled glass with a thickness of only 0.3mm.

The perfectly fitted construction fully retains the sensitivity of the touchscreen. The manufacturer rates its hardness level at 9H on a ten-point scale, which translates to exceptional scratch resistance during everyday use.

The glass features crystal clarity, preserving natural colors and sharpness of the display. An additional advantage is the special oleophobic coating that effectively minimizes the accumulation of fingerprints and other contaminants on the surface of the glass, thus making it easier to keep clean.

\* The glass is compatible with most cases available on the market.

\*\* Due to the various milling of display edges, after installing the film/glass protective layer on the screen, a delicate air halo may form around the screen! This is a natural situation and depends on the milling of the screen in a given unit.

### **INSTALLATION INSTRUCTIONS:**

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Thoroughly clean and degrease the surface of the screen, then polish it to a shine with a dry cloth.
- 3) Install the coating as evenly as possible - you can position it using two strips, sticking them to the side of the device.
- 4) Remove air bubbles by firmly pressing the entire surface in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.
