SZKŁO HARTOWANE ESR PAPER FEEL 2-PACK IPAD AIR 10.9" 4 5 2020- 2022 11" 6 7 8 2024-2026 CLEAR

Product code: 4894240299319

EAN: 4894240299319

ESR Paper Feel is a high-quality protective film that mimics the feel of natural paper. The specially designed structure of the film perfectly replicates the texture of real paper. The film has a matte finish that simulates the pressure and precision of a stylus line, as if we were writing on paper. This accessory is perfect for artists and those taking notes on a tablet.

The perfectly cut film is fully tailored to the display, ensuring it does not interfere with the front camera and Face ID. The film features a matte finish that prevents fingerprints and serves as an anti-reflective coating.

The matte coating does not reflect light, allowing for comfortable use during sunny days. The package includes the film along with a set of positioning accessories that facilitate a hassle-free application of the product. Installation is simple and accessible to every user.

The set includes installation accessories along with a positioning frame, making installation very easy and accessible to literally anyone. The frame allows for perfect alignment of the film with the screen - installing this type of product on such a large screen has never been so easy!

Write, draw, sketch, just like on real paper with the ESR Paper-Feel protective film!

How to check if this accessory fits your iPad?

It's simple, check the model number on the back of the device, which starts with the letter A:

This product fits: A2902, A2903, A2904, A3266, A3267, A3270.

INSTALLATION INSTRUCTIONS:

- 1) Start the installation in the bathroom right after a shower - the steam will absorb all the dust from the atmosphere and it won't interfere with your installation.
- 2) Clean and degrease the screen surface thoroughly, then polish it to a shine with a dry cloth.
- 3) Install the film as evenly as you can - you can align it using the positioning frame from the set.
- 4) Remove air bubbles by pressing down firmly in circular motions for several seconds. Do this so that the adhesive layer bonds with the screen as strongly as possible.

PRODUCT PRESENTATION:

PRODUCT FEATURES:

- 100% Original
- Packed in original packaging
- Imitation of paper texture
- The feeling of writing and drawing on paper
- Precisely tailored
- Transparent
