TEMPERED GLASS 2.5D ENVELOPE

High-quality 2.5D tempered glass protects the phone screen against damage.

Perfectly matched to the selected phone model.

The glass is only 0.33mm thick, making it highly transparent and touch sensitive.

It fits perfectly and does not make it difficult to use the touch screen.

The glass has glue on the entire surface, thanks to which it adheres perfectly to the screen and does not leave air bubbles.
